September 13, 2025

Good evening and welcome to our historic Reitz Bowl at F.J. Reitz High School! Thank you for choosing our invitational as your entertainment and competition to-night! We are very lucky to be featuring fourteen of the best bands in our area to-night!! I encourage you to not only support and cheer on your home band, but also give every band tonight your attention and support!

As you well know, these students put countless hours into their productions, and truly they show what a bright future this generation holds! As Director of Bands at F.J. Reitz High School, I can assure you that you should feel welcome and comfortable at our venue tonight.

We have a variety of concessions for you, as well as great boosters that can assist you with any questions or needs you may have! I have come to call this group of parents and students my family, and for tonight you are part of our family as well!

Be prepared for an exciting conclusion as the Reitz Mighty Marching Panthers perform "*Tangerine Tessellation*"! We hope you enjoy a wonderful evening of great shows and young adults at their finest tonight. Thank you again and please enjoy your time here at the Historic Reitz Bowl!

Sincerely,

Alex Grimm

We are so glad you've joined us this evening in the historic Reitz Bowl for the 2025 Drill on the Hill. I want to take a moment to thank you for the support you show our young people each and every day. These students spend countless hours sharpening and perfecting their performance. The level of commitment this takes is something not everyone can fully grasp, but you do, and we are deeply appreciative.

At Reitz High School, our mission is simple: support our students and strengthen our community. Nights like this bring both of those goals together. With your encouragement, these students are able to form lasting connections, showcase their talents, and represent their school in the best possible way. I also want to invite you to be fully present with us tonight. Life pulls us in a hundred different directions, and it's easy to get caught up in the busyness of the day.

Consider this evening an opportunity to pause, to let go of stress and enjoy the music, movement, and artistry that make this event so special. What makes tonight's performance truly unique is not just the production, but the people. These students are balancing school, practices, jobs, and preparing for their futures, all while pouring their hearts into this activity. They are a source of pride and a reminder that our community's future is bright. So please, sit back, relax, and enjoy the show!

Sincerely,
