Presents Our 2026-2027 Season

This season, we're branching out into the chaos, comedy, secrets, love, and legacy that come with family. Whether it's a mysterious inheritance, a mother-daughter reunion on a Greek island, or stories crafted by our own student directors, every production this year reminds us that no family tree grows perfectly straight.

We are so glad you've joined us this evening in the historic Reitz Bowl for the 2026 Drill on the Hill.

I want to take a moment to thank you for the support you show our young people each and every day. These students spend countless hours sharpening and perfecting their performance. The level of commitment this takes is something not everyone can fully grasp, but you do, and we are deeply appreciative.

At Reitz High School, our mission is simple: support our students and strengthen our community. Nights like this bring both of those goals together. With your encouragement, these students are able to form lasting connections, showcase their talents, and represent their school in the best possible way.

I also want to invite you to be fully present with us tonight. Life pulls us in a hundred different directions, and it's easy to get caught up in the busyness of the day. Consider this evening an opportunity to pause, to let go of stress and enjoy the music, movement, and artistry that make this event so special.

What makes tonight's performance truly unique is not just the production, but the people. These students are balancing school, practices, jobs, and preparing for their futures, all while pouring their hearts into this activity. They are a source of pride and a reminder that our community's future is bright. So please, sit back, relax, and enjoy the show!

Sincerely,

Dr. Jeff Dierlam, Principal

said, "don't blink" it was a figure a
speech.

Now, here we are, you're senior

proud of everything you have
done and everything your going
to do. We love you so much!

Nathaneal W.

Your marching band journey has been a profound testament to growth. You began this chapter in the eighth grade with Maggie's faithful presence guiding your steps, and though her departure left a deep and painful void, you carried her memory forward and bravely marched on.

Through every performance and challenge, you have cultivated remarkable resilience and grace. You emerge now as an independent, accomplished, and deeply inspiring senior. We love you endlessly and cannot wait to witness the incredible future you will build.

Love Mom, Dad, and the Family
